

St. Anne's Making Tomorrow A Better Day

Everything we do at St. Anne's is aimed at making the lives of our children, their families and their community the very best they can be. It is our comprehensive, well-planned, progressive curriculum, centred on God, that is our best tool for securing this for our children. We have made conscious, specific decisions in its design to ensure that our curriculum supports us in achieving our mission as a Catholic school, set against the unique needs and experiences that our children have.

Our Pledge to the Children:
